

# Partnership Charter

**In everything we do we are committed to:**

- tackling inequality and ensuring fairness for all
- working together to shape and deliver services that reflect the needs of our communities
- ensuring the people of Kirklees get the best value for their money
- protecting the environment by reducing CO2

# Expanded strategic priorities

## Enhance life chances for young people -

Working in partnership to improve educational attainment for the under 16's, and enable them to reach their full potential.

## Support older people to be healthy, active and included -

Helping people to better health by focussing on preventative work, empowering people to be in control of their decision and achieve their goals

## Lead Kirklees out of recession -

Making sure we emerge with a stronger economy and better paid jobs.

## Provide effective and productive services -

Ensuring services are focused on the needs of the community and delivering excellent value for money.
